Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Asma is in a meeting and will start once she is back. Meanwhile, pointer for Driver C has been added, ready for C1.

Thank you,
Siri.

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

JURISDICTION NEWS

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

Georgia Department of Revenue (DOR) and Department of Driver Services (DDS) Award DRIVES Project

The Georgia Department of Revenue (DOR) and the Georgia Department of Driver Services (DDS) have awarded the Driver Record and Integrated Vehicle Enterprise System (DRIVES) contract to Fast Enterprises, LLC. Fast Enterprises has a proven track record of on-time and on-budget delivery, completing projects

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

This Week's Webinars

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Document ID: 0.7.1187.92097 DMV00036529

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. 2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

This Week's Webinars

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

JURISDICTION NEWS

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Document ID: 0.7.1187.98758 DMV00036539

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

JURISDICTION NEWS

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

Georgia Department of Revenue (DOR) and Department of Driver Services (DDS) Award DRIVES Project

The Georgia Department of Revenue (DOR) and the Georgia Department of Driver Services (DDS) have awarded the Driver Record and Integrated Vehicle Enterprise System (DRIVES) contract to Fast Enterprises, LLC. Fast Enterprises has a proven track record of on-time and on-budget delivery, completing projects

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Document ID: 0.7.1187.48639 DMV00036549

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS
AAMVA is pleased to announce that Rhode Island has successfully loaded
its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct
NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!
CDL Examiner Update Class
AAMVA will be conducting two Commercial Driver License (CDL) Examiner
Update Classes the week of September 11th at Pinellas Technical College
(PTC) in St. Petersburg, Florida. The class size is limited to 12
persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced
CDL Examiners or trainers. The class will focus on recent guidance
provided by FMCSA related to CDL Classification/Endorsements &
Restrictions, CDL Skills Test administration and scoring; and revisions
to the CDL Test System. There is no tuition or registration fee for this
training. All travel, room and board expenses will be paid by AAMVA.
Nominees must have a thorough knowledge of the CDL program and current
experience conducting CDL Skill Tests. Please submit completed
Nomination Forms

This Week's Webinars
NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
<http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=mtBH10QkAJSARFusW7cpb8sS3r6Ys88419cSIpAE4iQxYrrDENiTG9N_Zhb0XSnSqzYnG3owtZOvcJGBYI404w~~>
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines
The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=seV6dmr_AruOYUvOQ7TpYBPIR83h93HVjj_1GtXyR43Lh_yKgdS_74cwPpLkOXzLPHhuKfBWmHr-yExStT0V1g~~> . In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=dGXTpWmKQ-XjbQ37jK4FIoR7koevjAKoQfZ1EZ_MrQfSdlUjYf25kSnKfQJ3nsGdyo20tGx4LmcZy0SzQmjivA~~> . Georgia Department of Revenue (DOR) and Department of Driver Services (DDS) Award DRIVES Project
The Georgia Department of Revenue (DOR) and the Georgia Department of Driver Services (DDS) have awarded the Driver Record and Integrated Vehicle Enterprise System (DRIVES) contract to Fast Enterprises, LLC. Fast Enterprises has a proven track record of on-time and on-budget delivery, completing projects both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and

Document ID: 0.7.1187.88284 DMV00036564

Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=1Hehl8pMef6e1UvEVdzfDMMekAHyVgyiqFH9liHHJH8Lu7Sj5S51jxbzDEVc5-0Dq-9flOnhM9Tx6ceNmUdoAw~~> .

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=8cCboupHwQ6xJk7Qe9DS3Xv2wHgr_0x_gcbD1WEsuCetkcBj3UHGWUolFNfebIs_sayAeA7pPL4x_fcEcFhGjA~~> .

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. DOJ Announces New ICR On Diversity in Law Enforcement Survey
The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=G4tbZNGh2SZru7YTAZGyqRV3UOiBzKGuIsa9xiFQegfmKLQFu6TWSxvFUmA-_P_IiFyqS-iWPpyyhYHcwWTTZg~~> a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.
FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements
The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=AuphHtYAAwPAzr7sJ5ZByOofroScFhsuJa-Q1obVmFAQ_bWg6TiJM78TQYcnjOu5NUu4J-cUkCO29cyWlwd9DQ~~> to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements.'' This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs). On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.
The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting
The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting <http://www.mmsend35.com/link.cfm?r=q21fPq67t1B73dvgPcUL4Q~~&pe=QlegkVvQG9Jy7G7G_eWKLCfJk-2bXyxRy1B_0GNTY-VdCs0Bzf7lhNQkZR99xHb_-CHvVM_mhei3KkIkI46ofg~~> on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

JURISDICTION NEWS

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Document ID: 0.7.1187.48637 DMV00036575

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

This Week's Webinars

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

JURISDICTION NEWS

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Document ID: 0.7.1187.91482 DMV00036600

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

Rhode Island Participates in NMVTIS

AAMVA is pleased to announce that Rhode Island has successfully loaded its VIN pointer and brand data into NMVTIS. Rhode Islands will conduct NMVTIS inquiries and updates via batch. Congratulations to Rhode Island!

CDL Examiner Update Class

AAMVA will be conducting two Commercial Driver License (CDL) Examiner Update Classes the week of September 11th at Pinellas Technical College (PTC) in St. Petersburg, Florida. The class size is limited to 12 persons; and will be held as follows:

Class 1: Monday, September 11th thru Wednesday, September 13th
Class 2: Thursday, September 14th thru Saturday, September 16th

The class is designed to be a hands-on training class for experienced CDL Examiners or trainers. The class will focus on recent guidance provided by FMCSA related to CDL Classification/Endorsements & Restrictions, CDL Skills Test administration and scoring; and revisions to the CDL Test System. There is no tuition or registration fee for this training. All travel, room and board expenses will be paid by AAMVA. Nominees must have a thorough knowledge of the CDL program and current experience conducting CDL Skill Tests. Please submit completed Nomination Forms to Karen Morton via email at kmorton@aamva.org no later than **Friday, July 21, 2017**, as class sizes are limited. After the nominations are reviewed, detailed class and travel information will be sent to those persons selected to attend. If you have questions or need additional information, please contact Karen Morton at kmorton@aamva.org.

This Week's Webinars

NMVTIS State Web Interface (SWI) – Understanding the Administrative Features
Tuesday, July 11, 2017, 2:00-3:00PM
The NMVTIS SWI Web Application is used by the states to perform title verification and data corrections. This webinar focuses on how the states use the administrative features to oversee the states user community. A brief overview of the SWI application is also provided. The SWI application has been built so that each state manages their own user community. This includes configuring the system with organizations to which users are assigned. The state administrator is responsible for user role assignments and user account activation and deactivation. The SWI Application also includes a reporting component that allows state administrators to monitor user activity.

JURISDICTION NEWS

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

Georgia Department of Revenue (DOR) and Department of Driver Services (DDS) Award DRIVES Project

The Georgia Department of Revenue (DOR) and the Georgia Department of Driver Services (DDS) have awarded the Driver Record and Integrated Vehicle Enterprise System (DRIVES) contract to Fast Enterprises, LLC. Fast Enterprises has a proven track record of on-time and on-budget delivery, completing projects

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

Document ID: 0.7.1187.48631 DMV00036610

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

2017 Region I Conference Kicks Off

The 2017 Annual Region I Conference got underway in Portland, Maine. Patty Morneault, Region I President and Deputy Secretary of State at the Maine Bureau of Motor Vehicles, welcomed all attendees to the conference in the opening session. Jurisdiction members, exhibitors, sponsors, guests, and all in attendance can look forward to several days of great sessions and networking events in Portland. Visit AAMVA's Flickr Page throughout the week to view photos from the conference.

AAMVA Participates in Workshop on Automated Vehicles

AAMVA had a seat at the table in Geneva Switzerland to participate in a *Workshop on the Governance of the Safety of Automated Vehicles*, co-hosted by the UN Economic Commission for Europe (UNECE) and the National Highway Traffic Safety Administration (U.S. DOT). Speaking on AAMVA's Autonomous Vehicles Working Group activities and insights, Anne Ferro partnered with NHTSA representatives to share what's happening in the U.S. Speakers from across the globe addressed the shared view that autonomous vehicles promise significant reductions in traffic deaths and improved mobility for many. UNECE workshop organizers emphasized collaboration to optimize these outcomes and hope to see this collaboration perpetuated through workshops, conferences and agreements.

Help AAMVA Improve MOVE Magazine

Share your opinion with AAMVA and help us improve our flagship publication, MOVE Magazine by completing a short readership survey. Your feedback is very important to us and will ultimately help us provide AAMVA members with an enhanced magazine. Please take a few minutes to answer these quick questions. Your information will remain strictly confidential and will be reported only in total along with the opinions of other respondents. Thank you for your participation. Complete the survey here.

Rhode Island DMV Computer System Upgrade and Extended Expiration Deadlines

The Rhode Island Division of Motor Vehicles launched its new computer system, Rhode Island Modernization System (RIMS), on July 5, 2017. The transition has required temporary changes to DMV operations which will continue through mid-July. A full schedule of all office closures can be viewed at the DMV's website at www.dmv.ri.gov. In an effort to control customer volume as each DMV office re-opens, motor vehicle transaction services will be available through reservation only. In addition, expiration dates of certain motor vehicle documents have been extended during this transition. For full information on RIMS, click here. For more information on the extended expiration dates of motor vehicle documents, click here.

Georgia Department of Revenue (DOR) and Department of Driver Services (DDS) Award DRIVES Project

The Georgia Department of Revenue (DOR) and the Georgia Department of Driver Services (DDS) have awarded the Driver Record and Integrated Vehicle Enterprise System (DRIVES) contract to Fast Enterprises, LLC. Fast Enterprises has a proven track record of on-time and on-budget delivery, completing projects

both in the State of Georgia and across the nation. The DRIVES project was initiated to modernize the current DOR Tag & Title system and the DDS Driver's License system. DRIVES will be developed and implemented in two phases. The first phase, scheduled for completion in the spring of 2019, will replace the Title and Registration System utilized by DOR and the 159 County Tax Commissioners and their Tag Offices. Phase two is scheduled for completion in the fall of 2020 and will replace the DDS Driver's License System. For more information, visit here.

Idaho One of Two Western States to Win Multiple Regional Awards from National Transportation Organization

Two Idaho Transportation Department (ITD) efforts -- a massive clean up of a landslide in north-central Idaho, and the final piece of an interchange construction plan in eastern Idaho that significantly cut serious crashes -- won regional awards in Juneau, Alaska. Regional winners in the America's Transportation Awards were announced during the annual conference of the Western Association of State Highway and Transportation Officials (WASHTO). Idaho was one of only two western states to receive multiple awards; Colorado was the other. WASHTO is the western regional arm of the American Association of State Highway and Transportation Officials (AASHTO). Read more here.

Torre Jessup Named NC DMV Commissioner

The N.C. Department of Transportation announced that Torre Jessup was sworn in as Commissioner of Motor Vehicles by N.C Supreme Court Justice Michael Morgan. Jessup is a Winston-Salem native and has resided in Mecklenburg County for more than 20 years. Jessup most recently served as vice president of public policy and external affairs at Blue Bloodhound, a start-up technology company serving the trucking industry. Prior to that, he was director of the Office of Small Disadvantaged Business Utilization for the U.S. Department of Transportation. Read more here.

FEDERAL NEWS

The U.S. DOT Solicits Applications For The Nationally Significant Freight and Highway Projects Program

The U.S. Department of Transportation (DOT) solicits applications for the Nationally Significant Freight and Highway Projects (INFRA) program. This grant program provides Federal financial assistance to highway and freight projects of national or regional significance. The "Apply" function will open on www.grants.gov by August 1, 2017. Applications must be submitted by 8:00 p.m. EST November 2, 2017.

DOJ Announces New ICR On Diversity in Law Enforcement Survey

The Department of Justice (DOJ) Office of Community Oriented Policing Services (COPS) will be submitting a new information collection request to the Office of Management and Budget (OMB) for review and approval: Diversity in Law Enforcement Recruitment Survey. The purpose of this project is to improve the practice of community policing throughout the United States by supporting the development of a series of tools that will allow law enforcement agencies to gain better insight into the depth and breadth of their community policing activities. Comments are due September 5, 2017.

FMCSA Requests Approval To Extend ICR On Accident Recordkeeping Requirements

The Federal Motor Carrier Safety Administration (FMCSA) is requesting approval to extend a currently-approved ICR entitled "Accident Recordkeeping Requirements." This ICR relates to Agency requirements that motor carriers maintain a record of accidents involving their commercial motor vehicles (CMVs).

AAMVA RFP 16-068 Meeting Name: 2017 IDEC & TMS Meeting
Proposals due: July 12, 2017

Indiana Bureau of Motor Vehicles Third Party Title and Registration
Proposals Due: July 28, 2017 @ 3:00 PM EST

Open RFP's will be included in AAMVA's *Regional News* and *The Week In Review* newsletters to provide maximum exposure for jurisdictional procurements.

OUR SURVEYS

Please respond to these surveys from Georgia, Massachusetts, New York, Florida, Ohio, Colorado, Texas, District of Columbia, and Ontario.

IRP: Online Registrations & Business Processes (Ends 07/19/2017) Responses received from AL, FL, ID, IN, KS, MD, ME, VZ, VT, WA.

Services for Deaf and Hard of Hearing Customers (Ends 07/21/2017) Responses received from FL, ID, LA, MD, MI, MO, MS, NE, NH, NM, SC, SK, TX, VA, WA.

Outsourcing of Crash Reporting (Ends 07/26/2017) Responses received from AR, ID, IL, MD, ME, MS, NE, NM, OH, SC, VA, VT, WA.

Facial Recognition & Credentialing (Ends 07/28/2017) Responses received from CA, DE, ID, LA, MD, MI, MO, NC, NE, NH, SC, VA, WA.

Permanent Commercial Trailer Plate Registration (Ends 07/28/2017) Responses received from ID, MD MI, MO, NC, NH, VA.

Queue Management - use of advisors (Ends 07/28/2017) Responses received from FL, GA, ID, MI, TX, VA, WA.

DMV's Providing Photos to Government Agencies (Ends 08/05/2017) Responses received from ID, NE, TX.

Driver License Office Security (Ends 07/20/2017) Responses

On March 22, 2017, FMCSA published a Federal Register notice announcing an increase in the Agency's estimate of the total information-collection (IC) burden of this requirement and asked for public comment. No comments were received. The regulatory burden has not changed, but the population of motor carriers has increased, both organically and because the Agency now includes the population of intrastate motor carriers in this ICR. Comments must be submitted by August 7, 2017.

The Intelligent Transportation Systems Program Advisory Committee Announces Upcoming Meeting

The Intelligent Transportation Systems (ITS) Program Advisory Committee (ITS PAC) will hold a meeting on July 18 & 19, 2017, from 8:30 a.m. to 3:00 p.m. (EDT) in the Doubletree Crystal City Hotel, 300 Army Navy Drive, Arlington, VA 22202. The ITS PAC, established under Section 5305 of Public Law 109–59, Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users, August 10, 2005, and reestablished under Section 6007 of Public Law 114–94, Fixing America's Surface Transportation (FAST) Act, December 4, 2015, was created to advise the Secretary of Transportation on all matters relating to the study, development, and implementation of intelligent transportation systems. The meeting will be open to the public, but limited space will be available on a first-come, first-served basis.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Cc: Peters, Mina L (DOA)
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

Asma is in a meeting and will start once she is back. Meanwhile, pointer for Driver C has been added, ready for C1.

Thank you,
Siri.

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

From: Gary Tancik [mailto:Gtancik@resdat.com]

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

This email comes from an external source, so remember, Think Before You Click!
Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD but it was returned with error: THE MSTR PTR REC RQSTD NOT ON FILE

I am investigating to see if I sent incorrect pointer info. Since it is the end of your day, we can return to this test in the morning.

Thanks

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

From: Gary Tancik [mailto:Gtancik@resdat.com]

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Cc: Peters, Mina L (DOA); Singaraju, Sruti
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R	
				CDL	
				4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDLI 4.1	CDLI 5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,

Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Asma is in a meeting and will start once she is back. Meanwhile, pointer for Driver C has been added, ready for C1.

Thank you,
Siri.

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Implementation Release				Error Text
				CDLIS			CDLIS +S2S	
				4.1	5.1	5.3	6.0	
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x	x	x	CONFIRMATION OF NEW SOR, BUT DHR NOT READY

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Asma is in a meeting and will start once she is back. Meanwhile, pointer for Driver C has been added, ready for C1.

Thank you,
Siri.

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Implementation Release				Error Text
				CDLIS			CDLIS +S2S	
				4.1	5.1	5.3	6.0	
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x	x	x	CONFIRMATION OF NEW SOR, BUT DHR NOT READY

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Asma is in a meeting and will start once she is back. Meanwhile, pointer for Driver C has been added, ready for C1.

Thank you,
Siri.

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Subject: S2S Representative Contact Information

Hello,

My name is Cindy Taber-Lowry and I am a Lead Business Analyst with AAMVA. My primary focus is on State to State. Recently I was asked to compose a list of state representatives who work the State to State issues like potential duplicates, etc. As a result of that I am reaching out to all of you. You represent states that participate in State to State so I wanted to find out the following information:

State to State representatives name (individual who works with State to State on a daily basis)
Representatives Telephone Number
Representatives email address

This information will be shared with all participating State to State representatives so that they can reach out to one another when resolving potential duplicates, fraud, etc. The information will also be posted on the State to State Working Group SharePoint site.

Thank you for your assistance.

Cindy Taber-Lowry

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKU P.SB. 0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Verizon Maintenance Notification

Dear Verizon Customer,

I'd like to take this opportunity to thank you for being a Verizon Customer, and to update you on maintenance work that will be carried out on the Verizon network. Verizon will be performing maintenance activities, utilizing proven methods, in a manner to ensure the best performance for your connection. The maintenance window is from Jul 13 2017 00:00 AKDT - Jul 13 2017 05:00 AKDT , however my team has planned for your expected circuit downtime within this window to be 2 x 50

Millisecond(s). Below you will find more detailed information as it relates to the impact to your environment.

If you have questions regarding this maintenance event, please contact Verizon's Global Event Management Center at email GEMC@VERIZON.COM.
For those customers with a defined Account Team or Technical Service Manager, please refer all circuit based questions to your Verizon Account Representative.

I appreciate your cooperation and understanding in this matter. Verizon's goal is to provide you with exceptional service every day, in every interaction. Thank you once again for your business, and your partnership.

Regards,
Kent Kildow
Director of Business Continuity & Event Management

NOTE: If your circuit remains down after the maintenance window has passed, please follow your defined Verizon Repair Center process for investigation.

Customer Contact ID: 221039

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

I will confirm with Mina that the CC is expected to be automatically returned for Alaska.

Yes, please reset Driver C. Let me know if I need to remove the pointer from my end.

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

Document ID: 0.7.1187.46950 DMV00037008

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Subject: National Driver Register Cleanfile - September 17, 2017

PDPS Participants:

The National Driver Register will conduct a Cleanfile on September 17th, 2017.

Cleanfile is an optional process. It is a means for jurisdictions to refresh the pointers it has on PDPS. NDR replaces all pointers on the PDPS file with the Cleanfile set of pointers sent by the jurisdiction. In order for a pointer to be included in the Cleanfile, the associated record in the jurisdiction must contain a conviction or withdrawal specified in 23 CFR Part 1327 section 1327.5 (a) or in Appendix A to that rule.

To participate in this Cleanfile, please email NDR by September 6th, 2017, and plan to send your file to NDR no later than September 13th, 2017.

Cleanfiles must be submitted via Secure FTP or FTP. Please schedule a test of SFTP/FTP connectivity with NDR before attempting to send the full Cleanfile.

If you plan to participate in this Cleanfile or if you have any questions please contact the NDR Office by sending an e-mail to NDR_Operations@dot.gov<mailto:NDR_Operations@dot.gov>.

To: Peters, Mina L (DOA)
Subject: National Driver Register Cleanfile - September 17, 2017

PDPS Participants:

The National Driver Register will conduct a Cleanfile on September 17th, 2017.

Cleanfile is an optional process. It is a means for jurisdictions to refresh the pointers it has on PDPS. NDR replaces all pointers on the PDPS file with the Cleanfile set of pointers sent by the jurisdiction. In order for a pointer to be included in the Cleanfile, the associated record in the jurisdiction must contain a conviction or withdrawal specified in 23 CFR Part 1327 section 1327.5 (a) or in Appendix A to that rule.

To participate in this Cleanfile, please email NDR by September 6th, 2017, and plan to send your file to NDR no later than September 13th, 2017.

Cleanfiles must be submitted via Secure FTP or FTP. Please schedule a test of SFTP/FTP connectivity with NDR before attempting to send the full Cleanfile.

If you plan to participate in this Cleanfile or if you have any questions please contact the NDR Office by sending an e-mail to NDR_Operations@dot.gov<mailto:NDR_Operations@dot.gov>.

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM
QA Team Lead

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,

Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,

Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

There is another pointer from State 'AI' with DLN "7685483", this was added on June 26.

Can you please look.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Starting from Monday, AAMVA will be sending out the 'Weekly SPEXS Baseline Structured Testing Status' for Alaska. Could you please let us know who needs to be copied.

Also, we will have a touch base call every Monday, starting from 07/17/2017, to make sure the testing is going fine. Could you please let me know what time slot works best for you.
I will send you the meeting invite, please feel free to forward the invitation internally.

Subject: RE: Weekly SPEXS Baseline Structured Testing Status - Contacts

The status email can be sent to Mina and myself and we can forward internally.

Anytime Monday 12pm-2pm your time (8am-10am AK) would allow others to join and avoid other meetings. However, Mina should be included and we may need to adjust the time when she returns from vacation in two weeks.

Gary

Subject: Weekly SPEXS Baseline Structured Testing Status - Contacts

This email comes from an external source, so remember, Think Before You Click!
Gary,

Starting from Monday, AAMVA will be sending out the 'Weekly SPEXS Baseline Structured Testing Status' for Alaska.
Could you please let us know who needs to be copied.

Also, we will have a touch base call every Monday, starting from 07/17/2017, to make sure the testing is going fine.
Could you please let me know what time slot works best for you.
I will send you the meeting invite, please feel free to forward the invitation internally.

Thanks,
Asma Syeda, CSM

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

I am receiving "9999 99ATION OF NEW SOR, BUT DHR NOT READY" , I am expecting 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG- TEXT Format=Alpha- numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

Document ID: 0.7.1187.46204 DMV00037162

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

I am receiving "9999 99ATION OF NEW SOR, BUT DHR NOT READY" , I am expecting 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG-TEXT Format=Alpha-numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

This email comes from an external source, so remember, Think Before You Click!

Gary,

HB was received with error “9999 99ED RECORD NOT FOUND” , I was expecting “CONFIRMATION OF NEW SOR, BUT DHR NOT READY’:

CDL1.2.2.3 Data Look-up Errors:

ID	Clear Name and Identifier	Implementation Name	SOR Action on Dat
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a (if a CSOR is currently in pr the given driver, and if the New SOR, it cannot respon information until the CSOR completed. In addition to r text, the Jurisdiction popul Processing Status Flag (GP

Also, could you please look at the following section in SPEXS Specification:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

I am receiving "9999 99ATION OF NEW SOR, BUT DHR NOT READY" , I am expecting 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG-TEXT Format=Alpha-numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

I am receiving “9999 99ATION OF NEW SOR, BUT DHR NOT READY” , I am expecting ‘CONFIRMATION OF NEW SOR, BUT DHR NOT READY’.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG-TEXT Format=Alpha-numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

I am receiving “9999 99ATION OF NEW SOR, BUT DHR NOT READY” , I am expecting ‘CONFIRMATION OF NEW SOR, BUT DHR NOT READY’.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG-TEXT Format=Alpha-numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKU P.SB. 0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

This email comes from an external source, so remember, Think Before You Click!
Gary,

I am receiving "9999 99ATION OF NEW SOR, BUT DHR NOT READY" , I am expecting 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG-TEXT Format=Alpha-numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Gary,

You are sending the old Real ID Conformant as '2', can you please change it to '1' and re-send the UD Message

---

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

This email comes from an external source, so remember, Think Before You Click!
Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,

Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,

Asma

Sent: Tuesday, July 11, 2017 10:19 AM
To: Syeda, Asma <ASyeda@aamva.org>
Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>
Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error “STATE CODE REQUIRED”).

Also, can you hold off on sending the ‘CC’ message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the ‘CC’ message in # C11.

Thanks,

Asma

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

This email comes from an external source, so remember, Think Before You Click!
Gary,

I am receiving "9999 99ATION OF NEW SOR, BUT DHR NOT READY" , I am expecting 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Since you are populating the error message in GERMSG, the first 7 positions should be set to spaces for UNI Translation to work properly :

CDI1.TRN.HC. BPTR. 2300	Error Message (GERMSG)	CLMF-DESC-ERROR-MSG-TEXT Format=Alpha-numeric Size=54	Set to the error text resulting from each of up to five validation errors encountered during processing. Set 1st 7 positions of the error block to spaces.				1-5

Also, the HB message should be in the following format:

SPEXS Master Specifications:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors

Let me know if you have any questions.

Thanks,
Asma

Gary,

Since the CSOR is still in progress, a new SOR cannot respond with history information, and should reject the HB message with 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY'.

Please refer to the following section in SPEXS Specification:

CDL1.2.2.3 Data Look-up Errors

ID	Clear Name and Identifier	Implementation Name	SOR Action on Data Element	SOR Im... R... CDL... 4.1	5.1
CD04.LKUP.SB.0300	Processing Status Flag (GPROST)	CLMF-CODE-MEC-PROCESS-STATUS Format=Alpha-numeric Size=2	If the record retrieved is a CDLIS record and if a CSOR is currently in progress involving the given driver, and if the Jurisdiction is the New SOR, it cannot respond with status information until the CSOR has successfully completed. In addition to returning the error text, the Jurisdiction populates the Processing Status Flag (GPROST) with '05'.	x	x

Let me know if you have any questions.

Thanks,
Asma

Gary,

UD looks good, I see the driver has CSOR in progress flag.

I need to send # C12 (AI sending HB message in error as 'CONFIRMATION OF NEW SOR, BUT DHR NOT READY') before you can proceed with # C11.

Let me know if I can send # C12.

Thanks,
Asma

Gary,

It depends on the state, for some there is no way to stop the CC message once UD is sent and sometimes a state can stop the CC message going out. Its state dependent , so can you please check with Alaska?

For now, do you want me to re-set Driver C, and once the UD message is sent (# C10) , I will not respond with any H* message.

And when you re-send the UD message (# C11) , you will receive a valid response.

Let me know if you have any question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

I sent the UD, however, there was a problem recognizing the HD error so the CC was automatically sent completing the CSOR.

At this time we do not have the means to intervene and prevent the CC from be sent, so this I believe is a fix I am going to need to make to recognize an error. Can you confirm that in general if there is an HD error, we should not return the CC confirmation?

Gary,

Please proceed with # C10 (HD will be in error "STATE CODE REQUIRED").

Also, can you hold off on sending the 'CC' message once the UD is sent in Test Case # C10?

The reason I ask is, you will be re-sending the UD message in Test Case #C11 and will be completing the CSOR by sending the 'CC' message in # C11.

Thanks,
Asma

Hi Gary,

My working hours are 8:30 AM (ET) to 4:00 PM (ET) .

Please send # C2 when you are ready.

Sure, we can continue with the testing once you are back from your meeting.

Thanks,
Asma Syeda, CSM

Thanks.

I will need to have U10 configured as an Alaska conviction type. There will be short delay.

Also, I have a meeting at 3:00pm your time (11:00 AK). Do you have similar hours as Siri? We typically test between 10am through 3:30pm, which is when Siri's day ends.

Gary,

#C2 is AI sending the ROOSC for ACD Code 'U10' on Driver C and # C3, AI is reporting the Withdrawal for ACD Code D45.

#C2 and # C3 are separate transactions and they are not linked.

As far as your question on Accident, Conviction and Withdrawal linkages, this setup is done by SOR (P3) and you will be receiving it as part of the State to State History request and CSOR responses, you don't have do anything.

Hope I answered your question.

Thanks,
Asma

Subject: RE: SPEXS 6.0 Baseline - Structured test plan - Driver C

Asma, can you clarify the set up for tests C2 and C3?

Is the U10 conviction expected to be linked to the D45 withdrawal?

Also, the set up instructions for Driver C depicts an accident and a conviction with linked withdrawal. Are those expected to be set up on P3 or should they be in AI, ie: using the U10 and D45?

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver D

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Yes, this is the same general problem I am resolving for Driver C. Hopefully I will have a fix deployed shortly.

Gary,

I was expecting # D2 in error "DUPLICATE CONVICTION", but received '9999 99TE CONVICTION'.

Can you please look.

Thanks,
Asma

Hi Dillon,

When changing the VIN for a vehicle moving into state you need to use the UT (CSOT) transaction and fill the Old VIN field with the original VIN and the New VIN field with the new VIN. This will cause the old title record to move to the history of the new title record. If you send a UA with the new information the old title will remain on NMVTIS in current and look like it is a negotiable title.

Thanks,
Susan Creighton / 703.908.5893 office

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

This email comes from an external source, so remember, Think Before You Click!
Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

This email comes from an external source, so remember, Think Before You Click!
Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Hi Dillon,

TC005 passed. You are correct the duplicate created does not affect the scenario we were testing for. But please do let me know before you test the test cases that have failed so I can reset them as most will be affected if the data remains the same. I left them as is in case you refuted anything. But if you are okay with them, I can go ahead and reset the ones that I show as failed.

Subject: RE: AK NMVTIS - TC005

Hello Susan,

Here are screenshots for my most recent execution of TC005. Judging by the R2 returned, it seems like I should've reversed/asked you to reverse AIVALIDVIN1TSTB05 or use a different VIN. Regardless, that's not really the point of the test.

Thank you,

Hi Dillon,

When changing the VIN for a vehicle moving into state you need to use the UT (CSOT) transaction and fill the Old VIN field with the original VIN and the New VIN field with the new VIN. This will cause the old title record to move to the history of the new title record. If you send a UA with the new information the old title will remain on NMVTIS in current and look like it is a negotiable title.

Thanks,
Susan Creighton / 703.908.5893 office

Hi Dillon,

TC005 passed. You are correct the duplicate created does not affect the scenario we were testing for. But please do let me know before you test the test cases that have failed so I can reset them as most will be affected if the data remains the same. I left them as is in case you refuted anything. But if you are okay with them, I can go ahead and reset the ones that I show as failed.

Thanks,
Susan Creighton / 703.908.5893 office

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

As far as I know, any in failed state are fine to reset.

We have changes coming down the pipeline for both tracking brands and tracking current titles, as per NMVTIS messages sent. I'm attempting to steer clear of anything that involves brands or undos of any sort as a result, but I think that accounts for the majority of remaining tests cases.

Here's my data for TC005:

Title Issue Date	New VIN	New Make	New Model Year	New Title Number	New STK	New Odometer Reading	New Odometer Unit of Measure	Brand Issue Date
20170713	AIVALIDVIN1TSTB05	INFI	2004	7277391	40183824	EXEMPT

Hi Dillon,

TC005 passed. You are correct the duplicate created does not affect the scenario we were testing for. But please do let me know before you test the test cases that have failed so I can reset them as most will be affected if the data remains the same. I left them as is in case you refuted anything. But if you are okay with them, I can go ahead and reset the ones that I show as failed.

Thanks,
Susan Creighton / 703.908.5893 office

Hello Susan,

Here are screenshots for my most recent execution of TC005. Judging by the R2 returned, it seems like I should've reversed/asked you to reverse AIVALIDVIN1TSTB05 or use a different VIN. Regardless, that's not really the point of the test.

Hi Dillon,

When changing the VIN for a vehicle moving into state you need to use the UT (CSOT) transaction and fill the Old VIN field with the original VIN and the New VIN field with the new VIN. This will cause the old title record to move to the history of the new title record. If you send a UA with the new information the old title will remain on NMVTIS in current and look like it is a negotiable title.

Thanks,
Susan Creighton / 703.908.5893 office

Okay, I will reset the test cases that failed.

Sounds like this is the last test case to validate until the change is implemented, is that correct?

Thanks,
Susan Creighton / 703.908.5893 office

Subject: RE: AK NMVTIS - TC005

As far as I know, any in failed state are fine to reset.

We have changes coming down the pipeline for both tracking brands and tracking current titles, as per NMVTIS messages sent. I'm attempting to steer clear of anything that involves brands or undos of any sort as a result, but I think that accounts for the majority of remaining tests cases.

Here's my data for TC005:

Title Issue Date	New VIN	New Make	New Model Year	New Title Number	New STK	New Odometer Reading	New Odometer Unit of Measure	Brand Issue Date
20170713	AIVALIDVIN1TSTB05	INFI	2004	7277391	40183824	EXEMPT

Subject: RE: AK NMVTIS - TC005

Hi Dillon,

TC005 passed. You are correct the duplicate created does not affect the scenario we were testing for. But please do let me know before you test the test cases that have failed so I can reset them as most will be affected if the data remains the same. I left them as is in case you refuted anything. But if you are okay with them, I can go ahead and reset the ones that I show as failed.

Thanks,
Susan Creighton / 703.908.5893 office

Hello Susan,

Here are screenshots for my most recent execution of TC005. Judging by the R2 returned, it seems like I should've reversed/asked you to reverse AIVALIDVIN1TSTB05 or use a different VIN. Regardless, that's not really the point of the test.

Thank you,

Hi Dillon,

When changing the VIN for a vehicle moving into state you need to use the UT (CSOT) transaction and fill the Old VIN field with the original VIN and the New VIN field with the new VIN. This will cause the old title record to move to the history of the new title record. If you send a UA with the new information the old title will remain on NMVTIS in current and look like it is a negotiable title.

Thanks,

Susan Creighton / 703.908.5893 office

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AK NMVTIS - TC005

I have reset the data for the test cases that failed except for the following:

I did not reset TC004 as I am just looking for a good HC. Let me know if you need to re-execute in order to produce the good HC.

For TC009 you will need to redo the CSOT in TC008 which already passed.

Thanks,
Susan Creighton / 703.908.5893 office

Subject: RE: AK NMVTIS - TC005

As far as I know, any in failed state are fine to reset.

We have changes coming down the pipeline for both tracking brands and tracking current titles, as per NMVTIS messages sent. I'm attempting to steer clear of anything that involves brands or undos of any sort as a result, but I think that accounts for the majority of remaining tests cases.

Here's my data for TC005:

Title Issue Date	New VIN	New Make	New Model Year	New Title Number	New STK	New Odometer Reading	New Odometer Unit of Measure	Brand Issue Date
20170713	AIVALIDVIN1TSTB05	INFI	2004	7277391	40183824	EXEMPT

Subject: RE: AK NMVTIS - TC005

Hi Dillon,

TC005 passed. You are correct the duplicate created does not affect the scenario we were testing for. But please do let me know before you test the test cases that have failed so I can reset them as most will be affected if the data remains the same. I left them as is in case you refuted anything. But if you are okay with them, I can go ahead and reset the ones that I show as failed.

Thanks,
Susan Creighton / 703.908.5893 office

Hello Susan,

Here are screenshots for my most recent execution of TC005. Judging by the R2 returned, it seems like I should've reversed/asked you to reverse AIVALIDVIN1TSTB05 or use a different VIN. Regardless, that's not really the point of the test.

Thank you,

Hi Dillon,

When changing the VIN for a vehicle moving into state you need to use the UT (CSOT) transaction and fill the Old VIN field with the original VIN and the New VIN field with the new VIN. This will cause the old title record to move to the

history of the new title record. If you send a UA with the new information the old title will remain on NMVTIS in current and look like it is a negotiable title.

Thanks,
Susan Creighton / 703.908.5893 office

Subject: Alabama State Communication - CDLIS 5.3.2 Production Migration for Alabama

CDLIS and S2S Participants:

AAMVA would like to inform all jurisdictions and stakeholders that Alabama will be implementing the CDLIS 5.3.2 changes in production on Saturday, July 15th, 2017. States that are at a version older than CDLIS 5.3.2 should be able to conduct business with Alabama seamlessly. Please note that this email is for information purposes only and jurisdictions do not have to make any changes at their end to accept Alabama as a 5.3.2 state.

Alabama has mentioned that their system will be down from approximately 12:00 AM to 9:00 AM ET on Saturday, July 15th, 2017.

If you have any questions, please contact the AAMVA Operations Department at 1-888-AAMVA80 option 1 or Helpdesk@aamva.org.

Subject: CSTIMS Questions follow up

It was great discussing about CSTIMS with you yesterday. There were some questions during yesterday's call, I wanted to follow up …

- *Can you hand out AAMVA Privacy Policy document to Third Party Users?*
  I checked with our Security Team and I was told, the AAMVA Privacy Policy document is a public document and you can send soft or hard copies of the policy to any CSTIMS User. There is no business sensitive information in the AAMVA Privacy Policy document.

- *Can you remove the Examiner role assigned to a User*
  We had discussed yesterday that if an Examiner had created test schedules and entered test results, CSTIMS does not allow removal of the Examiner role. I wanted to add, even if a User has not created any test schedules or entered any test results as an Examiner, CSTIMS does not allow removal of the Examiner role. This also applies to the AU role. Greg explained, it is too complex to remove an EX or AU role from a User, and right now there is no code in place to make this happen within CSTIMS.

- *If an Examiner moves from one Organization to another, how is that managed with CSTIMS?*
  Yesterday, we discussed one way to get this done … There is another (an even better) way to get this done – This is done on the User Administration page (as shown in the illustration below):

- On the User Details page for the Examiner, click on 'Examiner Testing Organizations' and 'Linked Organizations pane opens up.
- Next, from the 'Available Organizations' drop down, select the 'new' Organization the Examiner is moving to and click 'Add'. This new Organization will display in the 'Linked Organizations' list.
- Next, on the 'old' Organization row, click 'Edit' and enter the 'End Date' for the old Organization and click 'Update'. This will delink the Examiner from the old Organization and link the Examiner to the new Organization, preserving the Examiner ID and all of the Test Activities the Examiner had with the old Organization.

Also, I have attached a copy of the Role Matrix. This will help you with the different roles within CSTIMS, and the privileges with each role.

If you have additional questions, please feel free to reach out to us.

Subject: CSTIMS Questions follow up

It was great discussing about CSTIMS with you yesterday. There were some questions during yesterday's call, I wanted to follow up …

- *Can you hand out AAMVA Privacy Policy document to Third Party Users?*
  I checked with our Security Team and I was told, the AAMVA Privacy Policy document is a public document and you can send soft or hard copies of the policy to any CSTIMS User. There is no business sensitive information in the AAMVA Privacy Policy document.

- *Can you remove the Examiner role assigned to a User*
  We had discussed yesterday that if an Examiner had created test schedules and entered test results, CSTIMS does not allow removal of the Examiner role. I wanted to add, even if a User has not created any test schedules or entered any test results as an Examiner, CSTIMS does not allow removal of the Examiner role. This also applies to the AU role. Greg explained, it is too complex to remove an EX or AU role from a User, and right now there is no code in place to make this happen within CSTIMS.

- *If an Examiner moves from one Organization to another, how is that managed with CSTIMS?*
  Yesterday, we discussed one way to get this done … There is another (an even better) way to get this done – This is done on the User Administration page (as shown in the illustration below):

- On the User Details page for the Examiner, click on 'Examiner Testing Organizations' and 'Linked Organizations pane opens up.
- Next, from the 'Available Organizations' drop down, select the 'new' Organization the Examiner is moving to and click 'Add'. This new Organization will display in the 'Linked Organizations' list.
- Next, on the 'old' Organization row, click 'Edit' and enter the 'End Date' for the old Organization and click 'Update'. This will delink the Examiner from the old Organization and link the Examiner to the new Organization, preserving the Examiner ID and all of the Test Activities the Examiner had with the old Organization.

Also, I have attached a copy of the Role Matrix. This will help you with the different roles within CSTIMS, and the privileges with each role.

If you have additional questions, please feel free to reach out to us.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

Hi Asma,

I believe the Driver C CSOR problems from yesterday are resolved. I have deleted the pointer and am ready to issue the UD again for test C11. Let me know when you are ready.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

CDL1.3.8 Transmission of Driver History Request (SB), Driver History Response (HB) Message with Errors:

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

Hi Asma,

I believe the Driver C CSOR problems from yesterday are resolved. I have deleted the pointer and am ready to issue the UD again for test C11. Let me know when you are ready.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Hi Asma,

I believe the Driver C CSOR problems from yesterday are resolved. I have deleted the pointer and am ready to issue the UD again for test C11. Let me know when you are ready.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Gary,

I was going through # C12 that was sent yesterday, I see that the error message, and Processing Status are being populated correctly, but, the HB message in error is not as per the SPEXS Specification.

Do you want to try the CSOR and come back and fix #C12 later ? Please let me know.

For HB Message with error, please refer:

Hi Asma,

I believe the Driver C CSOR problems from yesterday are resolved. I have deleted the pointer and am ready to issue the UD again for test C11. Let me know when you are ready.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

I would like to run the CSOR first to be sure it doesn't have further problems. And then if possible, I'd like to go back to Driver D since those tests also deal with error processing. I could then address all of the issues at once.

Cc: Mina Peters, AK Dept. of Administration <mina.peters@alaska.gov>; Singaraju, Sruti <ssingaraju@aamva.org>
Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Ok, earlier I noticed that on the H* messages, there was an extra 'P3' and corrected that but now the license number is good and not sure why you are receiving the error, let me look. I think you would receive the P3 license number on the H*. Could you please take a look as well?

Thank you

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

Sent the UD and received the history messages; however, the same problem occurred where the P3 license number is being sent. I've attached the hd message.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There must be a problem on my side because the license number used to apply all of the history components comes from the originally sent UD. So the H* license should be irrelevant regardless if the it is correct or not.

I'm investigating.

Subject: RE: AI-SPEXS 6.0 Baseline Structured test plan - FP-Driver C

There seems to be a problem with the received history messages (HD, H3, etc). They identify 'P3DRIVERCSTRUCTURED1366' as the jurisdiction license number. Hence, they were not saved although the process resulted in a CC and subsequent confirmation.

Good Morning Gary,

I think since the issue is fixed, we can complete Driver C and then move on to Driver D. I sent C12 and it looked good, please go ahead with completing the CSOR by sending the CC message for C11.

Thank you,
Siri.

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary

Thanks Asma

Siri, we left off at D2 and can continue when you're ready.

We also have not finished Driver C. I believe we left off at C12 if you'd rather pick up from there.

Hi Asma,

Sorry for the long delay. We've come up with a more streamlined deployment approach. Going forward I should be able to apply fixes much faster.

None the less, I'm applying the latest fixes now so we'll need to pick this up again in the morning.

Thanks
Gary
